The Principal's Message

Dear Blacktown North Public School community,

As of next Monday we have 1 week left of what has been a very busy term. The final day of the school term is Friday 11th April.
The first day of Term 2 for the students is Tuesday 28th April. Teachers return the day before for professional learning.

Congratulations to all the students that attended school 100% of the time. We are very proud of you.

A big thank you to all the parents and the students that participated in the Greenaid Fund Raiser. We have already raised $1000. We are missing some boxes, so if you have them at home please return them even if you were unable to sell them. Any lost boxes the school will have to pay for them.

Raffle Tickets
Thank you to all the community members that purchased the raffle tickets. We will continue selling them until Thursday 10th April, the day of the draw.

All this fund-raising is going towards our interactive whiteboards.

Staff Changes
I have been advised by DEC school staffing that the positions held by Mrs De La Paz and Miss Keogh, two of our valued temporary teaching staff, have been filled with permanent staff. We thank Mrs De La Paz and Miss Keogh for their hard work and wonderful contribution to the students learning at BNPS. They have been a great asset to our school. We hope to continue seeing them on a casual basis.

What's happening at Blacktown North PS!
Free Adult English and Computer classes

English Classes are held in the library every Wednesday by a qualified TAFE teacher.

Computer classes are held every Thursday in the Computer room by a qualified TAFE teacher.

Child minding is available for both these classes.

Playgroup is every Monday 9am -11am in the Community room.

This program is for parents with children 0-5 years.

It is a great way to get to know other parents and participate in activities with your children to expose them to pre numeracy and pre literacy skills.

Transition Program
This program is for children that will be enrolling at Blacktown North PS in Kindergarten for 2015. The program runs every Tuesday and Wednesday from 9am-11am every week. It starts in Term 1 and continues until Term 4.

Starting school is an important milestone in any student's life. At BNPS we want to develop a solid foundation for their future learning. Through the Transition program we are able to establish the pre skills that are required for a smooth transition into Kindergarten.

The program consists of:
- Developing a positive attitude towards learning through play
- Social skill activities, so children can learn how to share, take turns and play within a group,
- Pre writing skills-children are able to attempt writing their name, hold a pencil properly and write left to right.
- Pre-reading skills-enjoy listening to stories, learn about book conventions.
- Listening & Talking-develop the ability to sit, listen and follow instructions.
- Language skills-being able to develop their language skills through social interaction with other students and adults.

The education and wellbeing of our students is of the utmost importance to us and we look forward to working with you. We have high expectations for your children both academically and socially.

Yours in partnership,

Mrs Carmen Cefai
Principal

We are always respectful at Assembly!
Please return ALL boxes even if you haven’t sold any bandaids. Thank you

Blacktown North Public School has registered with the Good Guys Prospect. If you or someone you know shops there, mention Blacktown North PS so our school will earn reward vouchers.
In Kindergarten we have been working extremely hard to learn our sight words. Parents are helping at home and students also receive one on one assistance in class. Our students are learning quickly and are excited to learn more.

One of our students has exceeded our expectations by learning more than 200 sight words. Congratulations to Ayush Gupta from KB.

Kindergarten had a wonderful time celebrating Harmony Day. In KB we traced our hands and made a rainbow on the wall to signify that we all belong.
1/2K have been working very hard this Term in all areas and have enjoyed using their Smartboard everyday. Here are a few pictures of hands on activities along with only some samples of their fantastic work. I am excited to see how far the students have come along in such a short time. Well done 1/2K!
We thank Barbara for coming to our school and talking about her life experience on being legally blind. The students learned about people living with impaired vision have equal rights to other people and how they use their other senses to move around and communicate. The students were very behaved, well done!

We would like to thank Ian for coming to our school from Surf Educators International to teach us how to be safe in the surf. The students learnt about where to swim at the beach, how to avoid things that could be dangerous at the beach and how to recognise rips and save lives. The students were extremely well behaved and are looking forward to putting their knowledge into action at the beach!
Maths Lesson with 5/6 S

5/6S had a great week learning about Patterns and Algebra. Students played the game ‘Guess my rule’ in which they had to create patterns for their peers. David Petkovic created a brilliant pattern that left the whole class thinking. It took them at least five minutes to come up with the rule. Can you guess the rule...?

2014 Swim School

Congratulations to our students participating in the 2014 Swim School lessons from 17-28th of March!

Ms Rumsey was trained by the instructors at Blacktown Aquatic Centre and assisted a group to improve their swimming skills throughout the fortnight. Mr Leskovic, Mrs Kerr and Mrs Kalra assisted Ms Rumsey by encouraging students and recording their progress.

Every day of swim school students were cheerful, considerate and well behaved on the bus and at the Aquatic Centre. We were complimented by a member of the public and our bus driver on the exceptional behavior of our students.

Our students made great gains in swimming skills and confidence in the water. We hope they continue to strengthen their skills and enjoy swimming and other water activities safely throughout this year and beyond.
Library News

NSW Premier’s Reading Challenge
The 2014 NSW Premier’s Reading Challenge is off to a flying start in our school with a number of students already being registered. Two students are already half-way through completing the Challenge! We strongly encourage all students who take part to also register for the Dymocks Book Bonus Campaign - a great way to raise funds to buy new books for the school!

Work Samples from Library Lessons

Work produced by 5/6S students, focussing on a key part of a text being explored in Library: Rowan of Rin by Emily Rodda. At the heart of the plot is a mysterious riddle spoken by a old, spooky, witch-like character. Students reflect on how Rodda uses the riddle to engage them as readers; to create suspense and entice them to predict how the plot will unfold at each stage.

Work produced by 1/2K students focussing on the use of alliteration within a book being explored in Library: Captain Crabclaw’s Crew by Frances Watts and David Legge. Students made pirate hats. They worked with the teacher using an online thesaurus to create scary names for themselves (as pirates) and their pirate ships incorporating the use alliteration. They then pretended to be pirates like Captain Crabclaw!
Our Harmony Day Celebration

Students, teachers and parents gathered on Thursday 3rd April 2014 to celebrate Harmony Day.

We showed our respect to the traditional owners of our land as Carmelo gave an Acknowledgement of Country.

The performances and speeches by all students were amazing and embraced the theme of celebrating our diversity and of inclusion for all.

The Blacktown Girls High School Drummers showed great skill and rhythm. We look forward to future collaborative performances with our neighbour school.

We enjoyed 1/2K’s creative Harmony story!
Thank you students, parents and teachers for your participation and contribution to our celebration of diversity and unity that makes our community at Blacktown North PS truly harmonious!
Dear Parents, Caregivers, Students and Community Members,

For your interest, are some dates of significance from the NSW Department of Education and Communities’ Calendar for cultural diversity.

Kind Regards,

Angela Kerr
ESL Coordinator

Primary and High school

Kids and phone bills
How do you teach your child to use their credit wisely? Ever seen the monthly phone or internet account and felt sick? It's called “bill shock”, and there are many new ways families accidentally rack up hundreds of dollars of costs each month.

Managing depression
One in four kids over 12 have symptoms of depression. Would you know what to look for and how to help? In this podcast, brain and mind specialist Professor Ian Hickie chats with James O’Loghlin on helping kids beat the blues.

Primary school

What makes a good book for young kids?
Books with vivid imagery, exciting stories and strong characters will not only entertain your child but set them up to enjoy reading for the rest of their life.

Helping kids learn how to make friends
If children are happy socially they tend to be more engaged in their learning. Teaching your child about the importance of making friends is as vital as learning their ABCs.

High school

Vocational education at school
Your child can learn a trade while completing Years 11 and 12, giving them more options down the track. Many students now use their last two years to get a head start on a traineeship, an apprenticeship or other valuable industry experience.

Can kids really do their homework and multi-task?
Multi-tasking is an essential skill to have, but when you really need to study, it could be working against you.

Free Parent Workshop in Blacktown LGA
Understanding Bullying

Dear Parents and Schools,

Learning Links is running a free parent workshop on bullying at Blacktown North Public School. Workshop is suitable for parents and carers of children in primary school who reside in the Blacktown LGA. Workshop has been funded by Seven Hills-Toongabbie RSL Club.

Understanding Bullying

Bullying in Australian schools is a huge concern for teachers, parents and students. While schools are promoted as a safe place for children and anti-bullying policies are in place, there is a gap in linking parents and school professionals to work together in understanding and providing early intervention.

This workshop will assist parents in identifying bullying, the different forms of bullying and what proactive strategies can be implemented. With appropriate support and intervention, the impact of bullying can be lessened and children can feel safe at school.

FREE WORKSHOP for parents and carers

Date: Tuesday 6th May, 2014
Time: 11:30am - 2:30pm
Location: Blacktown North Public School
1 Bessener Street, Blacktown NSW 2148

WE GET YOUNG PEOPLE ACTIVE IN LIFE
WE DEVELOP THEIR SKILLS, CHARACTER AND LEADERSHIP
WE REDUCE AND PREVENT CRIME BY AND AGAINST YOUNG PEOPLE

PCYC was established in 1937 by Police Commissioner William John MacKay. It was a partnership forged with the community via Rotary to provide young people with a safe and positive alternative to the streets. Over 75 years later that vision has grown and Police Citizens Youth Clubs NSW is one of Australia’s leading youth focussed organisations. We provide an extensive and varied range of fun, safe activities for young people and the wider community. We are focussed on the reduction of crime by and against young people and on the promotion of citizenship within communities across the state.
